

HP LaserJet P2050 Printer series

Overview

Boost workgroup productivity with the HP LaserJet P2050 Printer series – a fast and compact black-and-white printing solution for small work teams in enterprise and small and medium business (SMB) environments. The HP LaserJet P2050 Printer series enables high productivity through supplies and device manageability, networking and security features, and standard two-sided printing,⁽¹⁾ and it produces superior quality at an affordable price. As teams or companies grow, additional networking, paper-handling, memory accessories and high-capacity cartridges are available to support increased volumes of printing.

Key features and benefits

- With print speeds of up to 35 pages per minute (ppm) and HP Instant-on Technology⁽²⁾ – which enables the printer to deliver the first page out in less than 8 seconds – workers can save time by completing jobs quickly
- Process complex documents quickly without sacrificing performance with a 600-MHz processor and up to 32 MB of memory
- High-speed connectivity, automatic two-sided printing⁽¹⁾ meeting ENERGY STAR® guidelines and a higher paper-input capacity let users get back to work as quickly as possible
- Up to 1,200 x 1,200 dpi printing provides the highest text and image quality available
- A 2 x 16 LCD display enables better IT management and end-user usability while offering advanced security features
- Streamline business operations with easy print management tools, including HP Web Jetadmin software that brings together industry-leading printer and fleet management capabilities
- Maintain printers more effectively and avoid unexpected downtime with HP SureSupply – intelligence built into the cartridges that enables usage tracking, provides alerts and consolidates order information across a fleet of printers for easy reordering⁽³⁾
- The all-in-one HP toner cartridge comprises up to 70 percent of the imaging system, refreshing the printer every time an Original HP cartridge is installed

Availability

Expected to be available for purchase worldwide in fall 2008.

⁽¹⁾ Available on the P2055dn and P2055x only.

⁽²⁾ Instant-on Technology uses cutting-edge fuser technology to produce the first page faster when a printer is coming out of low power mode. An InfoTrends study shows the typical office print job is three to five pages long: www.infotrends.com/public/Content/Presentations/officeprinteruse.pdf. Actual results may vary.

⁽³⁾ Program availability varies. HP printing supplies return and recycling is currently available in more than 40 countries, territories and regions in Asia, Europe, and North and South America through the HP Planet Partners program.

⁽⁴⁾ Using genuine HP printing supplies ensures availability of all HP printing features.

⁽⁵⁾ Estimated U.S. street prices. Actual prices may vary.

⁽⁶⁾ Available in Asia Pacific and Europe, the Middle East and Africa only.
