

HP Photosmart C6300 All-in-One Series

Overview

The HP Photosmart C6300 All-in-One series is an easy-to-use, wireless print, scan and copy solution. Share and print wirelessly by simply connecting to a home network using the printer's built-in wireless⁽¹⁾ capability. Using HP's five-ink printing system, this versatile all-in-one series offers lab-quality photos and laser-quality documents as well as crisp copies and high-quality scans. Ideal for everyday document and photo printing, the HP Photosmart C6300 All-in-One series includes HP Photosmart Essential software which enables users to effortlessly enhance, personalize and organize images and documents. Plus, the included HP Smart Web Printing helps users save ink and paper.⁽²⁾

Additionally, the HP Photosmart C6300 All-in-One series' long-lasting, dual-drop-volume print head comprises 55 percent recycled plastic material (RPET). HP derived the recycled material from Original HP ink cartridges collected through the HP Planet Partners return and recycling program and other sources such as plastic water bottles.
